- High corrosion resistance up to 1000 hours
- Classic/Regency are manufactured from high quality zinc protected by an advanced coating process known as PVD (Physical Vapour Deposition).
- Designed to meet 92mm European lock centres (95mm for VECTIS)
- Patented key guiding system for VECTIS handle and adaptor
- Independently sprung grip
- Highly reflective gold/chrome and white finishes available
- 10 year performance guarantee
- Suitable for PVCu, aluminum and timber doors

### CLASSIC

### REGENCY

### VECTIS

### ADAPTOR

### CLASSIC

Classic is a stylish handle design that combines a dynamic new shape reflecting a modern style.

The lever and matching pad have been ergonomically designed with a solid grip contemporary styled with a softly rounded backplate.

Classic has an independently sprung cassette on each lever and pad and is designed to fit most multi-point door locks fitted with a Euro-cylinder.

### REGENCY

Regency is a unique scrolled design that combines a dynamic new shape and finish with a traditional style.

Regency has an ergonomically designed grip with a softly rounded backplate, and is independently sprung to fit most multi-point door locks fitted with a Euro-cylinder.

### VECTIS

VECTIS is a unique range of door furniture that combines modern stylish design with traditional key locking to suit the new VECTIS multi-point locking system.

Designed with a patented internal key guide mechanism to guide the key into the lock and a unique patented integral shutter system; the VECTIS door furniture range ensures excellent weather sealing and has been designed to meet the requirements of PAS 23 – air, wind and water tests.
