

# HOPPE TOKYO

door handle range

## Ultra modern design

The Tokyo is an ultra modern handle design solution for residential doors. Manufactured from high quality aluminium, the Tokyo has a distinctive grip and a featured backplate with a sculptured edge, giving an individual look.

Unsprung, the lever is fully reversible and has been designed to fit European lock centres of 92mm fitted with a Euro-cylinder.

The Tokyo is available in a choice of lever/lever or lever/pad designs in white and black powder coated, anodised gold and silver, PVD Gold and Chrome finishes.

Fixed pad and French door handles with no cylinder hole are available in gold, silver, white and black.

A PAS24 solution is available on request.
