## aluminium butt hinge

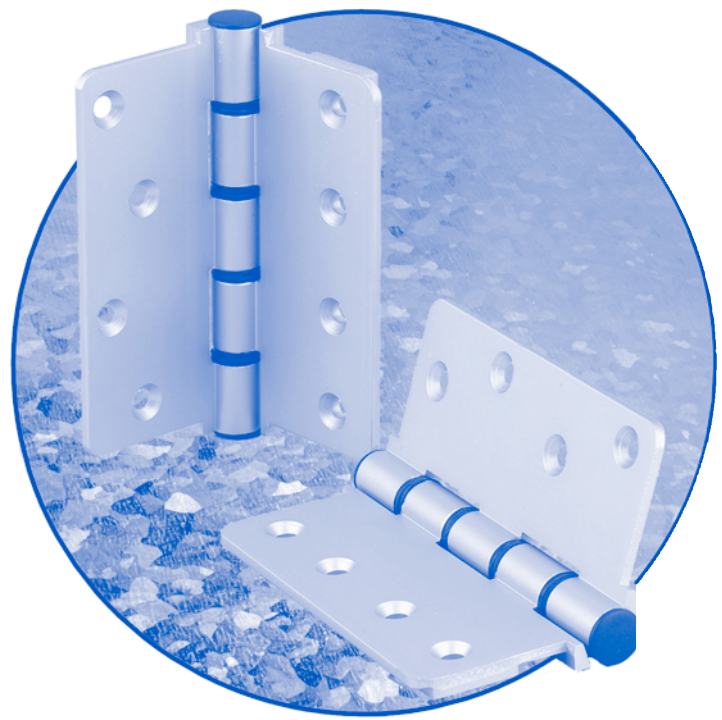

Practical solution for Composite and Timber doors

The Premier door hinge is a non-adjustable five knuckle aluminium butt hinge designed for composite and timber door applications.

The hinge is designed with a choice of leaves, face fit and trim fit for alternative door edge profiles, and offers a 3mm air gap.

Tested to meet the requirements of PAS 024 the Premier hinge is designed to ensure long term trouble-free performance.

Available in a choice of finishes in white, brown, F3 gold and F1 silver, the hinge is a practical solution that will enhance the look and performance of any door.
