

# PUSH BUTTON DOOR LOCK

The **ERA Push Button Digital Door Lock** is a fully mechanical access control solution designed for low usage application e.g. store cupboards, staff only areas, IT rooms, office doors etc.

The simple ergonomic design and simple operating procedure will provide access to authorised persons only. The Push Button Door Lock has a keyless operation so no keys to lose.

It has the following features:

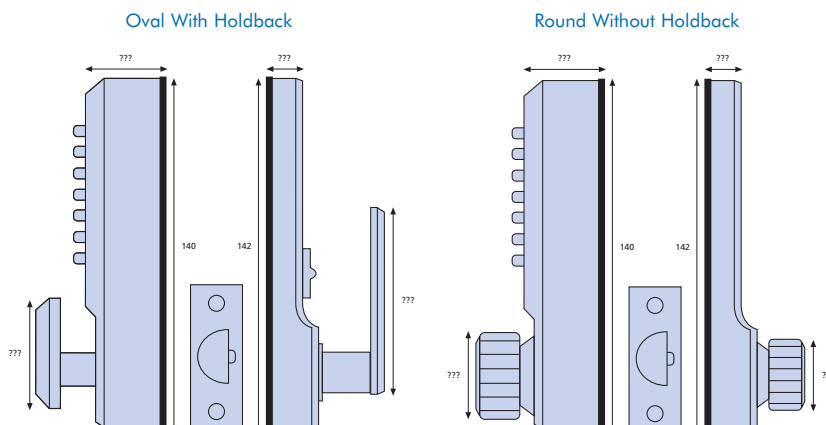

- Easy to operate and programme using the keypad.
- Over 5,000 code to choose from to provide greater security.
- Suitable for internal and external applications.
- Passage function so the door can be opened using just the handle when restricted access is not required.
- Suitable for door thickness 35-50mm.
- Maximum 7 digit code, minimum 1 digit.
