

CHARISMA COCKSPUR

cockspur operating handle

The Charisma Cockspur is a proven contemporary design with superb styling for PVC-u, aluminium and timber window applications.

Designed with a slender grip, the cockspur has been engineered with a simple release button and high quality locking cylinder for ease of use and long term performance.

Locking automatically on closing, the handle may be simply released by depressing the button, or deadlocked for added security.

The Charisma Cockspur is available in two alternative nose heights, 12mm and 21mm, together with a selection of striker wedges to suit alternative profile designs.

A contemporary range of finishes in gold, white, black and satin chrome are available.

The Charisma Cockspur is a traditional locking solution for windows offering security, performance and versatility.
